

JOHN ANDREINI

Scholarship Fund

In memory of the late John Andreini (a former partner of the All American Ruidoso Downs, LLC), a scholarship fund was formed to award deserving students in our equine industry. An award total of \$7,000 is distributed to the worthiest candidates from all submitted applications.

HOW YOU CAN HELP:

Your donations will go toward a student who will be juried by the Board of Directors for the All American Foundation, which will make sure this money goes to the seven worthiest candidates.

One of our 2022 scholarship recipients, Bailey Ziegler, will graduate with her doctorate in Veterinary Medicine in May 2022. With the high price of tuition, Bailey will still have a large debt for college loans. We want to increase the amount of awards yearly, but we currently have not been able to due to lack of sufficient funding. Donating to this cause will not only help the students, but it will also help the racing industry as a whole because these students work in or around the sport. They help it grow and continue our legacy. A donation to this cause will help keep horse racing alive for generations to come.
